

# NAPA VALLEY COLLEGE

## PERFORMING ARTS CENTER

### DESCRIPTION OF PROJECT

The 45,000sf Napa Valley Performance Center is sited at the north edge of Napa Valley College campus to take advantage of the beautiful views of the Napa Valley range.

This performance center includes three main performance stages: the Main Stage (350 seats), the Choral Recital/Rehearsal Room (60 seats), and a Studio Theater (150 seats). Site cast concrete walls create a rhythm that radiates out from the large mass of the fly tower and Main Stage audience space. Lighter infill walls of glass, metal and wood panels to provide north light to the lobby and to music practice spaces. The lighter materials continue inside as finishes for the major interior spaces.

*\*Awarded 2011 - AIA State/Regional Award*

### SELF-PERFORMED WORK

- earthwork
- site utilities
- concrete work
- drywall

### CLIENT:

Napa Community College  
District
