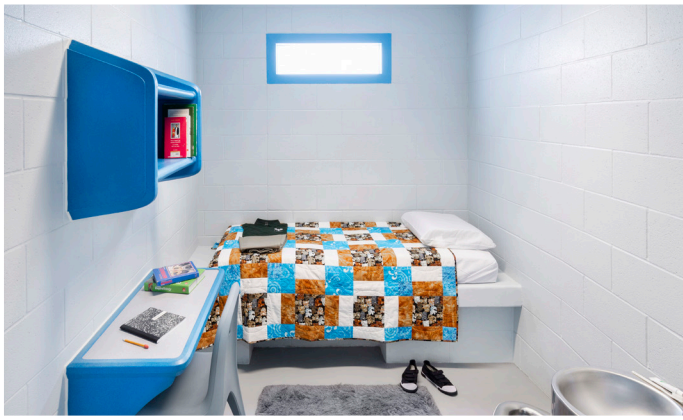
TRI-COUNTY
JUVENILE REHABILITATION FACILITY



DESCRIPTION OF PROJECT

This design-build project is a joint venture with Clark/Sullivan to construct a 17,377sf replacement facility to house 32 youths in single and double rooms, divided between separate housing units. This single-story facility also includes medical exam rooms, food warming service, program space, visitation, administrative support, storage, laundry service, a secure parking area, recreation yards, and public parking.
