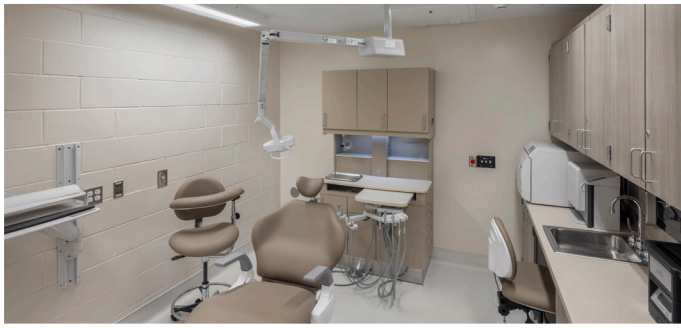
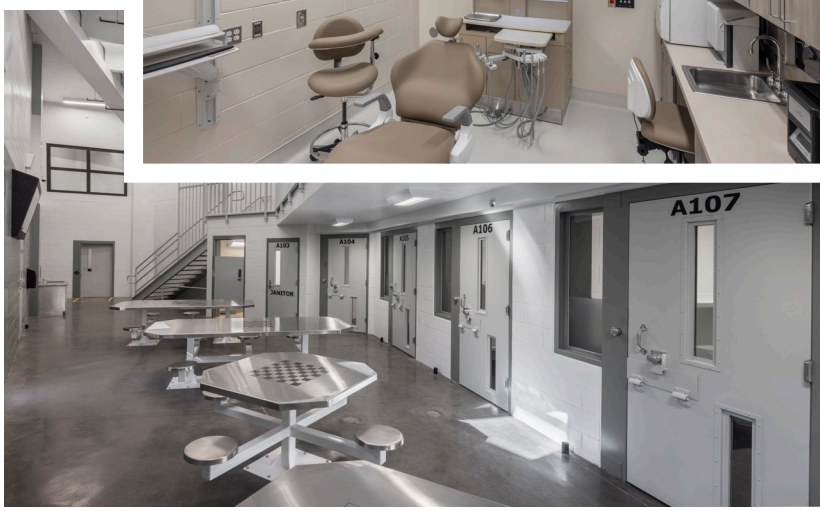
COLUSA COUNTY
DETENTION & TREATMENT FACILITY





DESCRIPTION OF PROJECT

Broward Builders, in a joint venture with Clark Sullivan, constructed the Colusa County Detention and Treatment Facility, a stand-alone facility located on County-owned land east of the existing Jail. The approximately 19,200-square-foot facility provides new detention beds in pod-style housing units.

The facility also includes a variety of program treatment rooms, a new medical and dental clinic, a small pod with safety cells and a respiratory isolation cell, a retherm kitchen, and other required support spaces.

SELF-PERFORMED WORK

- Earthwork
- Site utilities
- Concrete work
- Rough and finish carpentry
- Metal stud framing
- Drywall
